)

) MAILED September 18, 2007

Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

INTERVIEW SUMMARY

The following Interview Summary is in response to the Office communication of August 20, 2007 regarding a Telephonic Interview on August 13, 2007. The pending claims and potentially patentable subject matter was discussed. The Examiner suggested that the pending claims be amended to recite a breast assembly comprising a breast cup and a breast cup holder, and to more specifically recite the relationship of

the holder to the breast cup. The Examiner also suggested reciting the manner in which the breast cup attached to the holder, for example, that the breast cup was inserted into the holder.

Respectfully submitted,

/ K. L. Green /

Kenneth L. Green
Attorney for Applicant
